

How to Use Your Graduate Package

Congratulations on taking your first step toward your GED® high school credential! This guide will walk you through how to use your new Graduate Package.

The Graduate Package includes:

- GED Ready® – The Official Practice Test for all four subjects – This can be taken online anytime, anywhere, as long as you observe the technical requirements listed on GED.com for taking the practice test.
- GED® test – Paid registration for all four subjects of the official test. All you need to do is schedule them!
- Score boost for the GED Test – pack of eight workbooks

Step 1: While you're waiting for your books to arrive

- Your Score boost workbooks from New Readers Press will help you practice the skills you will need for each subject area on the test.
- They will arrive about one week from the time you place your order.
- In the meantime, please create your test-taker account at GED.com

Step 2: When your workbooks arrive

- Review/use the workbook for the subject area that you're most comfortable with first. This will be the quickest way to make progress toward achieving your credential.

Step 3: Practice testing

- Once you have completed a workbook for a subject area test, take a GED Ready® practice test for that subject area. (More information on how to use your voucher to “pay” for the GED Ready practice tests is included on page 2.)
- Use the GED Ready voucher code that you purchased with this package at the checkout screen on GED.com since it has already been paid for as part of your purchase. The GED Ready® will tell you how close you are to a passing score on the test.
- If you score ‘green’ or likely to pass, move to your next step, and schedule your test. If you score red (not likely to pass) or yellow (too close to call), go back to your workbook for some more practice on that subject.

Step 4: Schedule your GED tests

- We recommend that you schedule your GED test within 60 days of getting a green/likely to pass score on your GED Ready official practice test to make sure you are still prepared when you test.
- Log in to your account on GED.com to select the test center, date and time when you would like to take the official test.
- Use the voucher codes you received as part of your order to “pay” for the scheduled tests.
- More information on how to use your voucher for the GED® tests is included on page 4.

GED Ready® Official Practice Test

GED Ready®, the official practice test for the GED®, helps you build the confidence you need for test day. After taking GED Ready, you'll know what to expect from the actual test and feel ready for the real thing.

Features:

- The only practice test that tells you how likely you are to pass
- Provides a custom study plan so you know exactly what to study
- Questions just like the ones on the actual test

Product Details

- The GED Ready practice test isn't like other practice tests. It's designed by the creators of the GED to tell you how you'll perform on the real test.
- After you finish the practice test a personal study plan is specially crafted, just for you. It maps to the most popular GED books and online study tools to give you the exact page numbers and modules to study. Students have told us this saves them hours and hours of time!
- Become familiar with how the real GED test will look and feel at a test center by taking the practice test on a computer or laptop. (Mobile devices are not supported)
- Choose when you want to take the practice test. It's available in your account for 1 year! Once you start the test, you'll have 120 days to finish it. Each practice test can be taken once.
- The GED Ready practice test is a great indicator of how close you are to passing the real test, gauge where you're at, and what you need to study.
