How to use your Graduate Package

Congratulations on taking your first step towards your GED® high school credential! This guide will walk you through how to use your new Graduate Package.

The Graduate Package includes:

- GED Ready® – The Official Practice Test for all 4 Subjects – This can be taken online anytime, anywhere, as long as you observe the technical requirements listed on GED.com for taking the practice test.
- GED® test - Paid registration for all four subjects of the official test. All you have to do is schedule them!
- Scoreboost for the GED Test - pack of 8 workbooks

Step 1: While you're waiting for your books to arrive

- Your Scoreboost workbooks from New Readers Press will help you practice the skills you will need for each subject area on the test.
- They will arrive about one week from the time you placed your order.
- In the meantime, please create your test-taker account at GED.com

Step 2: When your workbooks arrive

- Review/use the workbook for the subject area that you're most comfortable with first. This will be the quickest way to make progress toward achieving your credential.

Step 3: Practice testing

- Once you have completed a workbook for a subject area test, take a GED Ready® practice test for that subject area. (More information on how to use your voucher to "pay" for the GED Ready practice tests is included on page 2.)
- Use the GED Ready voucher code that you purchased with this package at the check-out screen on GED.com, since it has already been paid for as part of your purchase. The GED Ready® will tell you how close you are to a passing score on the test.
- If you score 'green' or likely to pass, move to your next step, and schedule your test
- If you score red (not likely to pass) or yellow (too close to call), go back to your workbook for some more practice on that subject.

Step 4: Schedule your GED tests

- We recommend that you schedule your GED test within 60 days of getting a green/Likely to Pass score on your GED Ready official practice test to make sure you are still prepared when you test.
- Log in to your account on GED.com to select the test center, date and time when you would like to take the official test.
- Use the voucher codes you received as part of your order to 'pay' for the scheduled tests.
- More information on how to use your voucher for the GED® tests is included on page 4.
