

VOLT® Low Voltage Landscape Lighting

The Fat Boy - 150 Series

Product Description

The VOLT® Fat Boy Spotlight is our most affordable professional grade fixture. The sheet brass or copper body, cast brass knuckle, and solid brass screws and knobs make this fixture more corrosion free. This fixture utilizes both LED and halogen MR16 bulbs. The Fat Boy Spotlight is a great solution for any budget-focused landscape lighting project that still demands pro-grade quality. The “Fat Boy” is backed by the VOLT® Lifetime Replacement Warranty.

Product Dimensions

Features & Benefits

- ▶ Sheet Brass or Copper Construction.
- ▶ Pre-aged finish; no powder coating, paint or finish to wear off or peel—just natural patina that does not corrode.
- ▶ Beryllium copper socket - more corrosion resistant than copper.
- ▶ Silicone plug at lead wire exit prevents ground moisture and insects from entering luminaire through the stem.
- ▶ Water Tight Double Silicone O-Ring - keeps water from entering luminaire.
- ▶ Convex Lens - keeps water from pooling on the face of the lens.
- ▶ Extra-long (1-inch) strip resistant threading and solid brass locknut provide superior mounting stability.
- ▶ Glare guard and heavy duty adjustable knuckle - allows light to be positioned.
