# VOLT® Low Voltage Landscape Lighting Tranquility Brass LED Hanging Light- VAL-950x Series

## Product Description

VOLT's Tranquility Hanging lights are designed to illuminate large areas on the ground by hanging from a limb or tall pergola in order to provide a nice even coverage over an area; similar to that of the light produced by the Top Dog Tommy light. The benefit of the hanging lights is that they do not have to be mounted under anything in order to keep water out, as they are fully sealed for downlighting. That, coupled with the pattern it produces by having open holes along the side of the cylinder make these fixtures superior in almost every aspect. If you are looking for a simple looking traditional downlight for your yard, this product is it. It comes in both a sleek cylinder as well as a nice traditional hat style.

## Product Dimensions

## Features & Benefits

- ▶ Solid Brass
- ▶ Pre-aged finish; no powder coating, paint or finish to wear off or peel—just natural patina that does not corrode
- ▶ Beryllium copper socket - more corrosion resistant than copper
- ▶ Silicone plug at lead wire exit prevents ground moisture and insects from entering luminaire through the stem
- ▶ Pressure rubber gasket for a moisture tight design
- ▶ Tri mount for easy installation.
