VOLT® Low Voltage Transformers
Slim Line Transformers VTR-100SL

Product Description

The VOLT® Slim Line Transformer series features several new aspects to the Clamp-Connect style series; along with the same old aspects you already know and love. The Slim Line features a thinner and slimmer overall housing along with a see through window. This allows you to see the pilot light for the transformer and now included timer without ever opening the transformer door. These have an improved outer latch to make opening the door of the unit a breeze and latching it just as easy. The lower knockouts have been replaced with new single-size slots with plastic inserts to make using conduit hassle-free. If you aren’t using conduit the new inserts allow for wire to slip in easily without it as well. The included timer/photocell unit makes programming the unit seamless and easy. These still utilize the clamp-connect terminals that make wire connections as simple as flipping a lever. The Slim Line series is the culmination of the various great design improvements on transformer technology by VOLT® over the last several years.

Specifications

- **Housing:** Stainless Steel Casing with Plastic Cover and Waterproof Sheet
- **Power Cord:** 5 feet of SJTW Water Resistant VW-1 OR FT1 105º C 300V 18AWGX3C UE-321
- **Input Voltage:** 120V 60Hz
- **Voltage Taps:** 15 VAC
- **Secondary Circuit Protection:**
  - 100W: 7A Breaker
- **Maximum Draw:** Max 100W 6.67A

Features & Benefits

- Highly efficient toroidal core* - runs cooler, generates less noise, with less voltage loss under load.
- Unique color-coded wire markers for easy maintenance and troubleshooting.
- Large 15V taps (UL 1838 compliant)
- 100W capacity
- Stainless steel body with hinged lid and plastic cover to see the timer and pilot lights from the outside.
- Includes a photocell/timer combo accessory.
- Magnetic circuit breaker; auto reset integrated thermal breaker (in core).
- ETL Listed for both indoor and outdoor use.

Dimensions

- **Height:** 14.40”
- **Width:** 5.27”
- **Depth:** 3.70”
- **Depth with Lid:** 12.75”
