

Save big with packs for every volume range

Eppendorf Pipette Multi-Packs

Pick your pack and save on Eppendorf pipettes

Our multi-pack offerings of mechanical single-channel pipettes provide a cost-effective solution for upgrading your lab or setting up a new workspace. Available in sets of three or six, these packs feature Research 3 neo, Research plus, or Reference 2 pipettes to cater to your personal preferences, along with high-quality epT.I.P.S.® pipette tips. Save money and simplify your procurement process with our convenient and economical bundles.

- > **Eppendorf Research® 3 neo** pipettes are our latest portfolio addition, offering fast volume adjustments with a lock feature, ergonomic comfort, and easy customization.
- > **Eppendorf Research® plus** are trusted workhorses in thousands of labs, known for being lightweight and featuring a separate volume adjustment ring.
- > **Eppendorf Reference® 2** offer a unique single-button design for volume selection, pipetting, and tip ejection, ideal for professional users.

Your benefits with Eppendorf pipettes & pipette tips

Engineered for reproducibility, Eppendorf pipettes deliver accurate and precise results. Their lightweight, ergonomic design – featuring 4-digit displays and spring-loaded tip cones – minimizes strain during pipetting.

Our award-winning pipettes are robust, withstand many aggressive chemicals, and can be adjusted to different liquid types without altering the manufactory calibration. They offer full autoclavability, easy dismantling, H₂O₂ sterilization, and UV light resistance. An intuitive color-coding for pipettes and tips simplifies the process of selecting the correct pipette and consumable.

In combination with epT.I.P.S.[®] pipette tips, Research 3 neo, Research plus, and Reference 2 pipettes offer an optimal solution for reproducible, safe, and ergonomic pipetting. All pipettes are compatible with ColorTag marking rings for easy labeling and identification in your lab.

Your multi-pack choices
